SOLUTIONS

## Get Antimicrobial Certified!

### We're excited to offer an exclusive Antimicrobial Training program for department managers and facilities team members!

Our cleaning and disinfecting partner Viking Pure Solutions has provided an online training program that uses innovative technology to make it even easier for you to learn about the Viking Pure generator system and how it works. The program teaches best practices for using the solutions to clean and disinfect, and tests your knowledge with interactive content.

The Viking Pure 101 introductory course takes about 60 minutes to complete. It includes videos, brief reading with supplemental audio, interactive simulation modules and more.

### Why YOU should earn your Antimicrobial Certification:

- Distinguish yourself as an expert in best practices of facility cleaning and disinfection
- Showcase your knowledge of innovative, industry-leading cleaning technology and solutions
- Receive a personalized Antimicrobial Certificate to include with your professional credentials and a pin to wear to show off your certification
